POSTCARD - BACK

In 2010, AFLA Ltd was appointed by Knowle Park Primary School (Bristol) to design the Foundation Stage playground for reception-age children. The construction of this project took place during the summer holidays (August 2011) and this project has now been completed.

Our initial concept for this inspirational and magical playground for young children began with the school's 'water theme' for class names; incorporating this idea into the design, the playground tells the story of the Atlantic salmon and the migration from river to ocean. The children are taken along the imaginary stream (starting in the allotment area), through an alpine meadow and flower garden, a birch and conifer woodland with rounded boulders and logs and a wooden climbing trail.

Contractor: The Blaise Landscape Team, Bristol City Council
