

Construction details for arches,  
obelisk and deer fencing

Ashton Court Rose Garden, Bristol. Summer 2006

afla ltd - chartered landscape architects

[www.afla.co.uk](http://www.afla.co.uk)

Earlier this year, AFLA Ltd completed the refurbishment of the rose garden at Ashton Court Estate, Bristol. Before the project, there had been extensive deer damage to all the rose bushes. Our brief was to design deer fencing, arches, gateways and obelisk. Once the fencing was installed, the formal beds were completely dug over, fertilised and restocked with roses to provide a colourful display in summer.

### Project Team

Landscape Architect: AFLA Ltd

Main contractor: Bristol Contract Services

Railings: CJ Fabrications
